DANI DECLARES

Cleaning Operator Job Kit

Residential, turnover and office cleaning operations

Fillable on screen. Print-ready. Seven worksheets and a worked example.

Edition 2 | We handle the execution.

How to use this kit

From first inquiry to a closed-out job

Work the sheets in order for every job. You can type into the fields on screen and save a copy per job, or print the pages and fill them by hand. The companion spreadsheet does the pricing arithmetic for you.

THE JOB FLOW

1 Inquiry and service fit: collect only what you need to estimate safely.
2 Pricing and profit check: confirm the job pays after labor, supplies and travel.
3 Walkthrough and agreed scope: write down rooms in, rooms out, and what is not included.
4 Arrival and supply loadout: bring what the scope needs, confirm authorized access.
5 Room-by-room QA: check only the tasks in the agreed scope; note exceptions.
6 Issue and change record: document anything new; no extra work until it is approved.
7 Completion and follow-up: confirm, close out, and ask for feedback.

Worked example (illustration only: not a price list or an earnings claim)

Two-bedroom apartment turnover, estimated 3.5 labor hours for one cleaner.
Labor at the rate you choose to pay yourself or a helper: 3.5 h x $22.00 = $77.00.
Supplies used on this job: $9.00. Travel: 14 miles x $0.67 = $9.38 (use your own mileage rate).
Total cost: $77.00 + $9.00 + $9.38 = $95.38. Quoted price: $140.00.
Profit: $140.00 - $95.38 = $44.62. Margin: 44.62 / 140.00 = 31.9 percent.
With a 30 percent margin target this job clears it. If the walkthrough adds a room, re-run the check.

1. Customer inquiry and service fit

Collect only what is needed to estimate safely.

Complete before quoting.

Lead / reference ID

Service requested

Location / service area (general area only)

Decision-maker

Property type and approximate size

Preferred date and time window

Special surfaces or hazards (pets, fragile items, mold, biohazard)

Next action and date

Checkpoints

- [ ] Contact consent obtained before any follow-up
- [ ] Do not record permanent entry codes here
- [ ] Decline or refer work outside your skills, insurance or local rules

2. Pricing and profit check

Make sure the job pays before you agree to it.

Type your numbers here, or use the Pricing tab in the companion spreadsheet to calculate automatically.

Estimated labor hours

Hourly labor cost (what you pay yourself or a helper)

Supplies and consumables for this job

Travel miles (round trip)

Mileage rate you use

Other costs (parking, disposal fees)

Quoted price to customer

Calculate by hand

Labor = hours x hourly cost

Travel = miles x mileage rate

Total cost = labor + supplies + travel + other

Profit = price - total cost

Margin % = profit / price x 100

Your margin target: _____ %

Total cost

Profit

Margin %

Decision

- [ ] Margin meets my target: go ahead
- [ ] Below target: re-scope or re-price before agreeing
- [ ] Not worth taking: decline politely

3. Walkthrough and agreed scope

Confirm rooms, exclusions, supplies and change control.

Complete at the walkthrough, before work starts.

Job ID

Areas included

Areas excluded

Top three priorities

Products permitted (customer preferences or allergies)

Estimated labor

Quote reference

Customer scope approval (name, date, how confirmed)

Checkpoints

- [ ] No additions without approval
- [ ] Price still covers costs and margin
- [ ] Photos only with client permission

4. Arrival and supply loadout

Prepare for the scheduled job.

Job ID

Cleaner(s) assigned

Arrival window

Site contact method

PPE and safety considerations

Supply and equipment loadout

- [ ] All-purpose cleaner
- [ ] Glass cleaner
- [ ] Mop and bucket / flat mop
- [ ] Gloves and PPE
- [ ] Scrub brushes and sponges
- [ ] Spare supplies for restock gaps
- [ ] Disinfectant (surfaces)
- [ ] Microfiber cloths (color-coded)
- [ ] Vacuum and attachments
- [ ] Trash bags
- [ ] Step stool
- [ ] Photo device charged

Checkpoints

- [ ] Verify authorized access
- [ ] Escalate unsafe conditions
- [ ] Equipment checked before leaving

5. Room-by-room cleaning QA

Check only tasks included in the agreed scope.

Record the result for each area as you finish it.

Kitchen

Bathrooms

Bedrooms / offices

Common areas

Floors

Touchpoints (handles, switches, rails)

Exceptions / incomplete items

Photo evidence reference

Checkpoints

- [ ] Photos only with client permission
- [ ] QA before marking complete
- [ ] Exceptions reported to the customer

6. Issue and change record

Document issues; promise no extra work until it is approved.

Use one sheet per issue.

Issue ID

Observed condition

Time observed

Customer notified via

Requested change

Approval reference

Cost impact

Resolution

Checkpoints

- [ ] No automatic additional charge
- [ ] Preserve original scope
- [ ] Re-run the Pricing and profit check if scope grows

7. Completion and follow-up

Close out the job and keep the relationship.

Complete within a day of finishing.

Job ID

Completed date and time

Final walkthrough with (name)

Customer-reported concerns

Actual labor hours

Actual supplies cost

Follow-up date

Notes for the next visit (preferences, access method, no codes)

Checkpoints

- [ ] Final QA complete and exceptions disclosed
- [ ] Payment confirmed through the agreed method
- [ ] Feedback requested only if the customer agreed to be contacted
- [ ] Estimate compared with actual time for next quote

Usage and safety

Please read before you use the kit.

Original planning templates. Customize for your business. Not legal, safety, tax or professional advice.

These worksheets do not replace your contracts, insurance, licenses or official records.
Follow product labels and safety data sheets. Never mix cleaning chemicals. Use PPE that fits the task.
Photograph a customer's property only with permission. Do not record permanent access codes in this kit.
The worked example is an illustration. It is not a recommended price, rate or earnings claim.

License: one purchasing business or household may print and adapt for its own use.
Redistribution or resale of template files is not permitted.
The DANI DECLARES name and brand may not be used to represent your business.
